

Celtic Cabled Slipover Errata

This page contains all errors and clarifications that have been incorporated into the Celtic Cabled Slipover pattern. The pattern is updated whenever an error or clarification is identified so each pattern reprint includes any prior update.

Corrections and clarifications included in REV 0208:

Round 11 should read:

Rd 11: p1 k1 p1 k1 p1 *p2 k1 p4 k1* p2 k38 (44, 50, 56, 62), p1 k1 p1 k38 (44, 50, 56, 62), repeat between * * 3 times, p2 k38 (44, 50, 56, 62), **p1 k1 p1** k38 (44, 50, 56, 62), repeat between * * 1 time, p2.

Corrections and clarifications included in REV 0107:

To Begin:

Round 6 should read:

Rd 6: k1 p1 k1 p1 k1, *p2, next 3 sts - kf&b - kfyokb - kf&b*, p2 k38 (44, 50, 56, 62), pm k1 p1 k1 (side sts) k38 (44, 50, 56, 62), repeat between * * 3 times, p2 k38 (44, 50, 56, 62), pm k1 p1 k1 (side sts) k38 (44, 50, 56, 62), repeat between * * 1 time, p2. 209 (**233**, 257, 281, 305) sts, do not count yo.

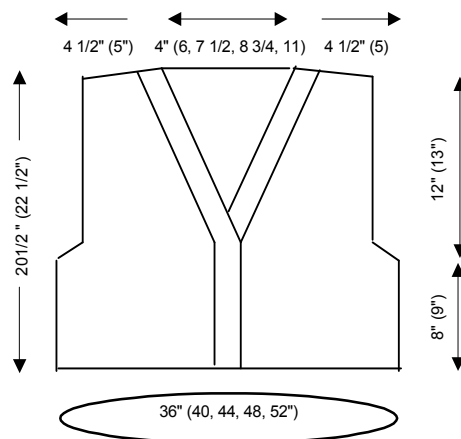

Round 7 should read:

Rd 7: p1 k1 p1 k1 p1, *p2 slip 3 sts to cable needle hold in front, drop yo, k3 sts from left needle, k3 sts from cable needle* (row 7 of cable chart) p2 k38 (44, 50, 56, 62) p1 k1 p1 k38 (44, 50, 56, 62), repeat between * * 3 times, p2 k38 (44, 50, 56, 62) p1 k1 p1 k38 (44, 50, 56, 62), repeat between * * 1 time, p2.

Round 11 should read:

Rd 11: p1 k1 p1 k1 p1 *p2 k1 p4 k1* p2 k38 (44, 50, 56, 62), p1 k1 p1 k38 (44, 50, 56, 62), repeat between * * 3 times, p2 k38 (44, 50, 56, 62), k1 p1 k1 k38 (44, 50, 56, 62), repeat between * * 1 time, p2.

The schematic has been corrected:

The following clarifications have been added to the text:

Continue body in pattern as established, repeating rounds 6 -13, working k6 in place of increases & yo in rd 6, until body measures 7" (7, 8, 8, 8") or desired length from cast on round, ending after an even number round.

Divide for left & right fronts and back: place back & left front stitches on holders, the 10 center front sts are with the right front stitches temporarily. On the first row for the right side you will move 5 of these sts (every other one) to the left front holder. You will be working back & forth from this point.
